

Federal Emergency Management Agency

SAFE ROOM & Community Shelter Resources

On this CD, you will find several informative displays, posters, handouts, multimedia, and other resources that will help in mitigating for tornadoes, or other high-wind events, and resources for conveying the importance of Safe Room and Community Shelter Construction. This CD is one product of FEMA's ongoing Mitigation effort to lessen the impact disasters have on people and property. The images on this CD are provided in several formats, including high-resolution print quality and low-resolution screen quality for use in web sites or presentations.

CD Contents

Safe Room Display Panels Contains artwork for reproducing the exhibit panels used in the National Emergency Shelter Training Center (NETC) Safe Room Exhibit in Emmitsburg, Maryland. Several sizes, resolutions, and formats are available.

Maps Tornado Activity in the United States and Wind Zones in the United States maps.

Posters Contains artwork for large-format tornado information and resource graphics.

Booth Display FEMA Tornado Safe Room and Community Shelter booth panels as used on the FEMA 8-foot by 10-foot exhibit.

Brochure FEMA Publication L-233, Taking Shelter From the Storm, trifold brochure files.

Handouts Various page-sized informative handouts and reduced artwork available in PDF format for printing on color laser or inkjet printers.

Multimedia FEMA Safe Room PowerPoint presentation and tornado damage animation.

Additional Information and Resources Links to additional information, guidance, and online resources.

To order a copy of the Safe Room and Community Shelter Resource CD, call the FEMA Publications and Distribution Facility at 1-800-480-2520 and ask for FEMA 388-CD.
